

Environmental Policy

ABC Technologies is committed to protecting the environment, fulfilling compliance obligations, and continually improving the Environmental Management System (EMS) to enhance environmental protection and sustainability. In fulfilling this commitment, we are dedicated to the following initiatives:

- Top management is committed to incorporating environmental considerations into all business strategies and initiatives, with all employees expected to uphold this policy.
- Prevent adverse environmental impacts concerning our activities, products, and services, including but not limited to protection of soil quality and air quality, and prevention of noise pollution.
- Improving energy efficiency, reduction in carbon emissions, energy, and water consumption.
- Where reduction is not possible, encourage the reuse and recycling of all consumables.
- Responsibly manage all aspects of our business to comply with environmental obligations.
- Regularly identify objectives for continual improvement; prioritize and implement action plans; and monitor and measure progress.
- Communicate best practices and projects with our stakeholders.
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner and hold all employees accountable daily for upholding the spirit and intent of this Policy and the EMS.

This Policy will be communicated to all staff, contractors, and suppliers, and be available to the public through selected media.

Date: August 26, 2024
